## *Great Côte-Rôties & Beyond*

Not counting the much larger Guigal domaine, René Rostaing is the closest thing to a true cult star that Côte-Rôtie has yet produced. A grower since 1971, his first vineyard purchases were a microscopic half acre each in Côte Blonde and in La Landonne on the Côte Brune.

The real breakthrough came when his father-in-law, Albert Dervieux-Thaize retired in 1990, followed by his uncle Marius Gentaz-Dervieux three years later. Between these two legendary growers, Rostaing acquired over ten acres of very old vines in some of the appellation's top sites. The vineyard expansion also enabled René to quit his day job in 1991, and to devote himself full time to winemaking.

### Good, Better, Best

Today, Rostaing can boast 20+ acres of the finest vineyards in and around Côte-Rôtie. The wealth of vineyard holdings results in an astonishing array of wines. From several parcels of old vines immediately adjoining Côte-Rôtie and Condrieu, Rostaing produces a gorgeous non-appellation white and red called Les Lézardes.

In Condrieu, he holds a tiny parcel in Côte Bonnette that yields some of the region's most refined Viognier. Most of his Côte-Rôtie parcels are blended to produce the Cuvée Classique, a terrific expression of the appellation. And, of course, there are his two prized Côte-Rôtie special cuvées, La Landonne and Côte Blonde.

### The Standard Bearer

Rostaing is a beacon for Côte-Rôtie's "Classicists"—those whose winemaking is deeply

*René Rostaing in La Landonne*

rooted in tradition while incorporating new thinking. In the cellar, he employs roto-fermenters, but only so he can break up the must himself, *not* to shorten macerations. He uses 15-25% new wood on his Côte-Rôties, but detests obviously oaky wines. He prizes mature fruit, but rails against some of his neighbor's over-ripe, "Australian" wines. In other words, this is the best of classic Côte-Rôtie—brought into the modern age, but true to its origins.

*The Rostaing touch is evident in the perfumed fruits and elegant, silky tannins....”*

### Puech Noble

In the late 1990s, René and his wife purchased a property in the Côteaux du Langue-doc near Nîmes. The estate, originally named Puech Chaud, is now known as Puech Noble. Located in a relatively cool micro-climate, Puech Noble gave René a chance to produce Syrah on the limestone soils so beloved by many French grow-

ers. Bolstered with small amounts of Mourvèdre, Grenache, and Rolle, Puech Noble is now producing one of the South's most beautiful wines.

The *terroir* yields a slight *garrique* character—the only clue you have that this isn't Northern Rhône wine of the highest order. It may be the best example yet of the Rostaing's ethic: elegant, yet concentrated; expressive, but subtle; hedonistic, but cerebral.

Northern Rhône, France

## OVERVIEW

Winemaker/Proprietor: René Rostaing

René Rostaing has, since 1991, emerged as one of the Northern Rhône's most respected growers. Before turning to winemaking full-time, Rostaing split his time between real estate and his small winery.

Between 1991 and 1995, he assumed the vineyards of his uncle, the legendary Marius Gentaz, and his father-in-law, Albert Dervieux. From these two traditionalist titans, he also learned to value the noble qualities of classic Côte Rôtie.

## VINEYARD INFORMATION

Apart from Guigal, Rostaing may have the finest vineyard holdings in Côte Rôtie. He works 20+ ha, in 14 *lieux-dits*, including 1.6 ha in La Landonne, 1.5 ha in Fongeant, and 1.2 ha in La Viallière. A majority of the vines were planted in the 1960s and 1970s, but some of the Viallière vines exceed 100 years old!

In addition, he has a choice 1.0 ha in Condrieu, and works a 10 ha site in the Côteaux du Languedoc.

Harvest: by hand

## RECENT VINTAGES

2008 – A cool and rainy vintage that required careful selection in the vineyards.

2007 – Similar to 2006, but with lower yields and concomitant concentration. Glorious Cote Roties..

2006 – A glorious year yielded fresh reds. Not as powerful as the 05s, but perhaps more expressive.

## ADDITIONAL WINEMAKING NOTES

Rostaing adapts his methods to the vintage.

Grapes can be destemmed or not. Maceration can vary from 7-20 days. All the Côte Rôties are aged in a mix of 225 and 500 liter barrels. (about 20% new). The Condrieu is fermented and aged in stainless steel.
